Where lines meet

Modular Documentation: Cedula**System:** LGU Digitalization**Module:** Municipal Services**Submodule:** Online Community Tax Certificate (Cedula)**Version No:** 1.0**1. Module Overview**

The Cedula Application Submodule digitalizes the process of applying for and issuing the Community Tax Certificate (CTC), commonly known as Cedula. Traditionally, citizens must visit the Municipal Treasurer's Office to manually fill out forms, submit identification documents, and pay the corresponding community tax before receiving the certificate.

Through this submodule, citizens can submit their application online, provide personal and financial information required for the computation of the Community Tax Certificate, and track the status of their application. The system enables faster processing and improved transparency by providing a digital transaction record and real-time application status updates.

The module also supports application tracking, verification, payment validation, and issuance, ensuring that the digital workflow follows the official guidelines of the Municipal Treasurer's Office External Services for Issuance of Community Tax Certificate.

Key Principle: **"Efficient and Transparent Citizen Service."**

NOTE: The Community Tax Certificate (Cedula) is valid for one (1) year from the date of issuance.

2. User Roles & Responsibilities

Role	Responsibility
Citizen / Applicant	Submits the online Community Tax Declaration Application form, provides personal and financial information, uploads required documents, pays the required community tax and tracks the application status.
Treasury Staff	Reviews and verifies the submitted Cedula application details, review the system computed Community Tax Certificate, collects the corresponding payment, and records the transaction.
Admin Aide	Monitors application records, manages system updates, and assists in maintaining proper workflow of Cedula transactions within the system.

3. Business Formulas & Logic

The Cedula amount is automatically computed based on the applicant's income and assets using the standard Community Tax computation rules.

- **Individual**

Basic Community Tax

Fixed amount for individuals: **₱5.00**

Additional Community Tax

- ₱1.00 for every **₱1,000 of income**
- ₱1.00 for every **₱1,000 of real property value**

Maximum Additional Tax:

- **₱5,000**

- **Juridical (Business/Corporation)**

Basic Community Tax

Fixed amount for business: **₱500.00**

Additional Community Tax

- ₱2.00 for every **₱5,000 of income**
- ₱2.00 for every **₱5,000 of real property value**

Maximum Additional Tax:

- **₱10,000**

Penalty Rule

If the Cedula is obtained from March 1 until the end of the year, a 24% interest per annum shall be imposed on the unpaid community tax.

- **Checklist Constraints (Hard Requirements):** Before submitting an application, the system requires the upload and verification of:

1. Valid Government-issued ID
2. Proof of Income (Payslip / Certificate of Compensation / BIR Form 2316)
3. Accomplished Community Tax Declaration Form (Digital Form inside the portal)

The system prevents application submission if the required documents are incomplete.

- **Status Lifecycle & SLA Logic:**

1. **Draft:** The applicant select cedula type,
 - **Individual:** Fill out the financial information in Community Tax Declaration Form.
 - **Juridical:** Fill out business name and financial information in Community Tax Declaration Form.
2. **For Requesting:** Application is submitted and routed to the Treasurer Staff for verification.
3. **For Processing :** Treasurer Staff are reviewing the application information.
4. **Evaluated (Awaiting Payment):** Treasurer Staff are review and validates the submitted information.
The system automatically computes the community tax amount based on the declared income.
5. **Payment:** the applicant select mode of payment ; e-payment or bank transfer
 - **Unpaid:** The application has been evaluated but the required community tax payment has not yet been completed by the applicant.
 - **Paid:** Payment has been successfully verified and confirmed by the Treasurer staff.
6. **Released:** The Community Tax Certificate (Cedula) is officially issued to the citizen. The applicant may choose if e-copy or hard copy, the digital record in the system or claim the printed Cedula from the Treasurer's Office.

4. Detailed Process Flow

1. **Initiation:** The citizen logs into the LGU Online Services Portal and navigates to the Online Cedula Application module. The applicant fills out the gross income Community Tax Declaration Form by providing the required personal and financial information such as name, address, birthdate, civil status, occupation, and declared income. After completing the form and agreeing to the Data Privacy Policy, the citizen submits the application request through the system.
Validation Constraints: You can't submit if all the information isn't complete.
2. **Verification:** The Treasurer Personnel accesses the Cedula Application dashboard and views the list of submitted requests in the pending queue. The personnel verifies the accuracy and completeness of the information provided by the applicant.
3. **Evaluation:** After verification, the system evaluates the submitted information and automatically computes the Community Tax Certificate amount based on the applicant's declared income and applicable tax rules.
4. **Payment:** The citizen proceeds to pay the computed community tax amount through the integrated online payment gateway available in the system. Once the payment is completed, the system records the transaction and updates the payment status.

5. **Preparation:** The Treasurer Personnel verifies the successful payment recorded in the system and confirms the transaction.
6. **Release:** After payment confirmation, the Community Tax Certificate (Cedula) is generated and issued digitally through the system. The citizen can choose if e-copy or hard copy view or download the digital record of the Cedula from the portal or claim the printed Cedula from the Treasurer's Office if needed.
